Introduction

The purpose of this handbook is to provide information to the employees of Lee College that will help with questions and pave the way for a successful year. Not all college policies and procedures are included in this handbook. The policies and procedures that are included in this handbook have been summarized. Suggestions for additions and improvements to this handbook are welcome and may be sent to Human Resources at hr@lee.edu or (281) 425-6875.

This handbook is neither a contract nor a substitute for the official college policy manual. Nor is this handbook intended to alter the at-will status of noncontract employees in any way. Rather, it is a guide to and a brief explanation of college policies and procedures related to employment. These policies and procedures can change at any time; these changes shall supersede any handbook provisions that are not compatible with the change. For more information, employees may refer to the policy codes that are associated with handbook topics, confer with their supervisor, or call the appropriate college office. College policies can be accessed online at <https://pol.tasb.org/PolicyOnline?key=579>.

College Information

Description of the College

Policies AA, AB, AC Series

Voted as one of the top 150 community colleges in the nation, Lee College offers associate degrees and certificate programs, as well as non-credit workforce and community education courses, that prepare its diverse student body for advanced higher education; successful entry into the workforce; and a variety of in-demand careers. With the main campus and McNair Center located in Baytown, Texas, and a satellite education center in nearby South Liberty County, the college serves a geographic area of more than 220,000 residents that includes 15 school systems.

Mission Statement, Vision, Statement of Caring Community, and Strategic Plan

Policy AD

Our Mission

Lee College is a caring community of teachers and learners focused on creating the ideal student experience, which includes using an equity lens to ensure that students have what they need to be successful; innovating to build holistic pathways that support student success; providing the highest quality instruction for transfer courses and workforce programs; and supporting the greater community and generations of Lee College graduates with professional development and community education opportunities.

Our Vision

New students will immediately feel that they belong at Lee College regardless of their background. They will feel fully supported as they transition into being a college student. Current students will feel that they can be their true selves, can be a full member of the college community, and can access all the opportunities Lee College has to offer. Students who recently completed a degree or certificate will feel fully supported in their transition into a career or a four-year college or university, and they will experience success because of the excellent instruction and life experiences that Lee College provided. Employees of the college will be recognized for their contributions, valued as people, and given opportunities for professional growth and career advancement. Employers will seek Lee College graduates because of the high quality of their education and training. Lee College will have close, mutually beneficial agreements with partner institutions to create efficient educational pathways that lead to rewarding careers with family sustaining wages, and the college's success will be clearly communicated with data and narratives. Stakeholders will support the college's mission because they understand the powerfully positive impact Lee College has on our service area.

Statement of Caring Community

We share a common purpose: **We are all educators.** All Lee College employees share the responsibility to be educators. Everyone has opportunities to share knowledge and promote the growth of others. The Quality Service Standards provide a decision-making framework empowering all employees to uphold the shared purpose of being an educator in all circumstances. We build a caring community to achieve this purpose by following these standards:

- **Safety:** Our first concern is safety. When we become aware of an unsafe situation, we will immediately apply procedures and training to take action to resolve the situation.

- **Courtesy:** Safety and Courtesy are prerequisites to engaging with each other as members of a caring community. Therefore, at every touch-point, we will demonstrate respect, make others feel welcome, and guide others to appropriate resources.
- **Well-Being:** We care about each other as people, so we are empathetic to everyone's needs and purposes by reading their social cues, being an active listener, and responding in an appropriate manner to help them when they are in need.
- **Growth:** As a community of educators, we are both teachers and learners. We help each other grow intellectually, professionally and personally by breaking barriers and equipping them with the necessary tools.
- **Efficiency:** As responsible stewards of public tax dollars, private donations, and the tuition paid by our students, we seek to develop and implement policies and procedures that maximize productivity and make the best use of available resources.

Employment

Equal Employment Opportunity

Policies DAA Series, DIAA, DIAB

In its efforts to promote nondiscrimination and as required by law, Lee College does not discriminate against any employee or applicant for employment because of race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, age, disability, military status, genetic information, or on any other basis prohibited by law. Additionally, the college does not discriminate against an employee or applicant who acts to oppose such discrimination or participates in the investigation of a complaint related to a discriminatory employment practice. Employment decisions will be made on the basis of each applicant's job qualifications, experience, and abilities.

In accordance with Title IX and 34 C.F.R. part 106, the college does not discriminate on the basis of sex and is prohibited from discriminating on the basis of sex in its educational programs or activities. The prohibition against discrimination extends to employment. Inquiries about the application of Title IX may be referred to the college's Title IX coordinator, to the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

The college designates and authorizes the following employee as the Title IX Coordinator to address concerns or inquiries regarding discrimination based on sex, including sexual harassment. Jose Martinez, Title IX Coordinator, (281) 425-6546, Rundell Hall room 112, TitleIXSupport@lee.edu or josmartinez@lee.edu.

The college designates and authorizes the following employee as the ADA/Section 504 Coordinator to address concerns regarding discrimination on the basis of a disability: Rosemary Coffman, Executive Director of Student Success and Wellbeing, (281) 425-6387, Rundell Hall room 112, rcoffman@lee.edu.

All other questions or concerns relating to discrimination, retaliation, or harassment should be directed to the College President or Human Resources. Reports of discrimination may be made as described in the Discrimination, Harassment, and Retaliation topics.

Confidentiality of the Hiring Process

To the extent permitted by law, the Search Committee and the Human Resources Office will maintain strict confidentiality regarding applicant candidacy throughout and after the employment selection process.

Conflict of Interest

Policies CAA, DBD, DBF

Employees are required to disclose in writing to the college any situation that creates a potential conflict of interest with proper discharge of assigned duties and responsibilities or creates a potential conflict of interest with the best interests of the college.

This includes the following:

- A personal financial interest
- A business interest
- Any other obligation or relationship
- Outside employment

Employees may find the affidavits for disclosing a potential conflict of interest to a supervisor in Board Policy DBD (Exhibit).

Employees should contact their supervisor, or Human Resources, for additional information.

Contract and Noncontract Employment

Policy DC Series

College employees are either issued a contract or are considered employed at-will.

Term Contracts: Select employees, including faculty and administrators, will be employed by contract for a one-year term. The terms and conditions of employment are detailed in the contract and employment policies. All contract employees will receive a copy of their contract. Employment policies can be accessed online at <https://pol.tasb.org/PolicyOnline?key=579> or copies will be provided upon request.

At-Will Employment: Employees not issued a contract are considered to be employed at-will. Employment is not for any specified term and may be terminated at any time by the employee or the college. Employees such as grant-funded positions and non-exempt classified staff are considered at-will.

Contact the Human Resources Office if you have questions about the status of your employment.

Criminal Background Checks and Valid Texas Driver's License

Policy DC

All Lee College positions are security sensitive as defined by Board Policy DC (Legal). Accordingly, the college will conduct a criminal background check on all prospective full-time and part-time employees. If a criminal background investigation identifies a conviction, Human Resources will review the information with the President to determine if the offer of employment is affected by the report.

The college will also verify that any employee driving a college vehicle has a valid Texas Driver's License. If a driver of a college vehicle commits an offense that jeopardizes the status of his/her Texas Driver's License, the employee is to notify his/her supervisor immediately and cease driving any college vehicle until such time that the license is restored to an approved status.

The college reserves the right to conduct periodic criminal background and Texas Driver's License checks throughout the scope of employment, consistent with state or federal requirements.

Employees may be subject to a review of their criminal history record information at any time during employment. National criminal history checks based on an individual's fingerprints, photo, and other

identification will be conducted on certain employees and entered into the Texas Department of Public Safety (DPS) Clearinghouse. This database provides the college with access to an employee's current national criminal history and updates to the employee's subsequent criminal history.

Employees Required to Have a Commercial Driver's License: Any employee whose duties require a commercial driver's license (CDL) is subject to drug and alcohol testing. This includes all drivers who operate a motor vehicle designed to transport 16 or more people counting the driver, drivers of large vehicles, or drivers of vehicles used in the transportation of hazardous materials. Faculty, coaches, or other employees who primarily perform duties other than driving are subject to testing requirements if their duties include driving a commercial motor vehicle.

Drug testing will be conducted before an individual assumes driving responsibilities. Alcohol and drug tests will be conducted when reasonable suspicion exists and at random. Return-to-duty and follow-up testing will be conducted if an employee who has violated the prohibited alcohol conduct standards or tested positive for alcohol or drugs is allowed to return to duty. Testing may be conducted following accidents.

All employees required to have a CDL or who otherwise are subject to alcohol and drug testing will receive a copy of the relevant policy, the testing requirements, and detailed information on alcohol and drug abuse and the availability of assistance programs.

Employees with questions or concerns relating to alcohol and drug policies and related educational material should contact the Human Resources Office.

Dual Employment (Second Position)

To the extent an employee wishes to accept a second position at the college, the employee must notify his/her primary supervisor(s) before accepting the position. If an employee accepts a second position at the college, the employee is expected to continue fulfilling the duties and responsibilities of the primary position for which the employee was hired. The employee may not have a dual assignment that overlaps or conflicts with the primary work assignment and/or work schedule.

Classified Staff (Non-Exempt Employee): A classified staff (non-exempt employee) may not teach classes at Lee College.

Employment After Retirement

Policy DC

An individual receiving retirement benefits from the Teacher Retirement System (TRS) may be employed by the college if the President determines that the employment is in the best interests of the college and the person has been retired for at least one (1) full calendar month before the effective date of employment. Failure to follow TRS rules may result in a reduction or loss of annuity.

An individual who retired under the Texas Optional Retirement Program (ORP) also may be rehired and is not subject to a waiting period.

Employment Eligibility (I-9 Form)

Policy DC

At the time of hire, all employees must complete the Employment Eligibility Verification Form (Form I-9) and present documents to verify identity and employment authorization.

Recertification of Employment Authorization: Employees whose immigration status, employment authorization, or employment authorization documents have expired must present new documents that show current employment authorization. Employees should file the necessary application or petition sufficiently in advance to ensure that they maintain continuous employment authorization or valid employment authorization documents. Contact the Human Resources Office if you have any questions regarding reverification of employment authorization. Failure to verify employment authorization may result in termination.

Job Vacancy Announcements

Policy DC

Announcements of job vacancies by position and location are posted on a regular basis to the college website (<https://www.schooljobs.com/careers/lee/>). Current employees may apply for vacancies for which they have appropriate qualifications.

Generally, the College does not advertise part-time job vacancies when a sufficient applicant pool is present. However, on some occasions, the College may advertise the positions locally. Part-time employees, who apply for full-time positions at the College, will be considered among all other candidates.

Licenses and Certifications

Failure to maintain sufficient license or certification may result in unpaid suspension or termination as determined by the President or designee.

Security Officers: All Security Officers must possess a current and active Level II and/or Level III security license to maintain compliance with DPS regulations. Commissioned Security Officers are required to maintain a current/active Level III security license, and Non-Commissioned Security Officers must have a current/active Level II security license.

If an employee's security license expires, the employee will be immediately suspended without pay for up to two (2) weeks. If the employee renews the license within this time period, he/she can return to work after providing appropriate documentation (e.g., receipt of payment) to the Security Chief. If the license is not renewed after two (2) weeks, the employee's employment with Lee College will be terminated.

Nepotism (Employment of Relatives)

Policy DBE

Relatives of personnel employed at the college may be hired provided they meet the standards for the position and are the best qualified applicant. However, no college employee may approve, recommend, or otherwise

take action with regard to the appointment, reappointment, promotion, salary, or supervision of a close relative as defined by this policy.

No person shall be employed in the college who is related within the third degree by consanguinity or second degree by affinity to an employee who has authority to make decisions relating to employment practices for the position in question, including employment and approval of pay.

After March 15, 1990, when a person in a supervisory position marries a person whom he or she supervises, the supervised spouse shall be transferred to another position for which he or she is qualified if such position is available within the college. In the event such position is not available within the college, the supervised spouse shall be deemed to have resigned his or her employment with the college effective as of the date of the marriage.

This policy shall not apply to persons employed in either full-time or part-time positions prior to March 15, 1990.

The illustrations below depict the relationships that violate the nepotism law:

Outside Employment

Policies DBD, DBF

Full-time employees are required to disclose any outside employment in writing to their immediate supervisor(s) prior to engaging in non-school employment. Outside employment must not interfere with Lee College employment.

Examples of outside employment that would be considered as interfering with College District employment include, but are not limited to, situations that:

- Result in an employee's absence from work;
- Interfere with an employee's duties during regular work hours;
- Interfere with an employee's satisfactory performance of assigned duties and responsibilities;
- Compete with the College District's programs and services;
- Adversely affect an employee's physical or mental well-being;

- Use College District resources including, but not limited to:
 - Computers;
 - Copiers;
 - Materials;
 - Equipment;
 - Facilities; or
 - College District Personnel;
- Present a conflict of interest;
- Violate any of the principles established in the employee standards of conduct;
- Reflect badly upon the College District or the employee involved; and
- Violate applicable laws and regulations.

Outside employment will not be considered an excuse for poor job performance, absenteeism, tardiness, leaving early, refusal to travel, refusal to work overtime, or refusal to work different hours. If outside work activity causes or contributes to job-related problems, it must be discontinued and, if necessary, normal disciplinary procedures will be followed to deal with the specific problem.

Employees disclose outside employment by completing and submitting the Outside Employment Form to their supervisors. The appropriate form can be obtained from Human Resources. Once all the signatures are obtained, an employee must forward the form to Human Resources to be placed in the employee's personnel file.

Disclosure is required at the beginning of the academic year or at any time during the year that the employee begins another job.

Re-Employment of Former Employees

Any former employee rehired by the college after a break in service will be treated as a new employee. Employees discharged for cause will not be re-employed except with the written approval of the President.

Transcripts

All faculty and administrators teaching credit courses are required by the college's accrediting agency, the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC), to have official transcripts on file in the Human Resources Office. Applicants for positions requiring certifications and degrees must submit official transcripts of all college credits and degrees conferred.

It is the employee's responsibility, not the issuing agency, to ensure the college receives the official transcripts. Photocopies of official transcripts or copies stamped "Issued to Student" will not be accepted.

Employees that received their degree(s) outside of the United States are required to have their transcript(s) evaluated by an educational evaluation service at the employee's own expense prior to being considered for employment by the College. The transcript evaluation record must be submitted to the Human Resources Office.

Work Load and Work Schedules

Policies DEA, DJ

All employees are subject to assignment and reassignment by the President at any time.

Work Week: The work week for college employees begins at 12:00 a.m. Saturday and ends at 11:59 p.m. the following Friday.

Work Hours: The work assignment for full-time employees is 40 hours on-campus per week. Part-time employees may work up to 19.5 hours per week.

Work Schedule: The standard office hours for the college are Monday – Thursday 7:30 a.m. – 5:15 p.m. and Friday 7:30 a.m. – 12:30 p.m. Some campus locations and departments may have extended hours. Work schedules will be determined by the supervisor(s). Irregular work shifts may be scheduled in order to accomplish assigned duties. The supervisor may require overtime work of employees in order to accomplish assigned duties. Overtime and changes to an employee's assigned work schedule must be approved by the appropriate supervisors, including the Cabinet member.

Exempt Employees: Full-time faculty and administrators are exempt from overtime pay and are employed according to the work schedules set by the college.

Non-Exempt Employees: Full and part-time classified staff, adjuncts, and part-time administrative personnel are considered non-exempt workers. These employees must be compensated for overtime and are not authorized to work in excess of their assigned schedule without prior approval from their supervisor. See *Overtime Compensation* for additional information.

Termination of Employment

Resignations

Policy DMD

General Requirements: All resignations must be submitted in writing to the appropriate supervisor(s), Human Resources Office, or the College President. Employees must give reasonable notice and include the reason(s) for resigning in the letter of resignation.

Contract Employees: An employee serving under a term contract may resign his/her position and leave the employment of the college at the end of the contract term provided the employee submits a letter of resignation according to the terms mentioned above.

A contract employee wishing to resign prior to the end of the contract term must also submit a resignation letter according to the terms mentioned above and shall include the reasons for the resignation within the letter. The consent of the President is required for resignations effective prior to the end of a contract term.

Once submitted and accepted, the resignation of an employee serving under a term contract may not be withdrawn or modified without consent of the Board or the College President.

Noncontract Employees (At-Will): Noncontract (at-will) employees may resign their position at any time by submitting a letter of resignation according to the terms mentioned above.

Dismissal or Nonrenewal of Contract Employees

Policies DM Series

Employees on a term contract can be dismissed during the academic year for good cause or nonrenewed at the end of the contract term for any reason according to the procedures outlined in college policies.

A contract employee that is dismissed or nonrenewed has the right to grieve the termination following the college process outlined in this handbook when pursuing the grievance. (See Complaints and Grievances).

Alternatively, a faculty member may first present a grievance under Texas Education Code §51.960 to the Executive Director of Human Resources. The faculty member must file a request to present the grievance to Human Resources within 10 business days after receiving notice of the proposed decision.

Dismissal of Noncontract/At-Will Employees

Policy DM

Noncontract employees are employed at will and may be dismissed without written notice, a description of the reasons for dismissal, or a hearing. It is unlawful for the college to dismiss any employee for reasons of race, color, religion, gender, national origin, age, disability, military status, genetic information, any other basis protected by law, or in retaliation for the exercise of certain protected legal rights.

Noncontract employees who are dismissed have the right to grieve the termination. The dismissed employee must follow the college process outlined in Board Policy DGBA (Local) when pursuing the grievance. (See *Complaints and Grievances*.)

Suspension

Policy DLB

At-Will Employees:

An at-will employee may be suspended by the College President or designee during an investigation of alleged misconduct by the employee or at any time the College District determines that the College District's best interest will be served by the suspension.

An at-will employee shall not be paid while serving a suspension unless required by law.

Term Contract Employees:

Suspension With Pay - A term contract employee may be suspended with pay and placed on administrative leave by the College President during an investigation of alleged misconduct by the employee or at any time the College President determines that the College District's best interest will be served by the suspension.

Suspension Without Pay - A term contract employee may be suspended without pay for good cause as determined by the Board following a hearing held for that purpose in accordance with the procedures applicable to the mid-contract termination of an employee [see DMAA (LEGAL)].

Offboarding Procedures

Policy DM

Human Resources will provide offboarding information to all employees who leave the college. Information on the continuation of benefits, last check, and procedures for turning in college-issued equipment will be provided at this time. Separating employees are asked to provide the college with a forwarding address and phone number and complete a questionnaire that provides the college with feedback on his or her employment experience. All college keys, employee badge, parking tag, property, including intellectual property, and equipment must be returned upon separation from employment.

Payment for Accumulated Leave Upon Separation

Policy DEC

Employees shall not be paid for accrued vacation time except upon termination from College District employment. If the terminating employee has had at least 12 months of continuous employment in a vacation-eligible position, he or she will be paid for accrued vacation time at his or her then existing regular base pay rate, not to exceed the maximum allowed accumulation stated above.

Sick leave, family emergency and personal day accruals are not paid upon termination from the College District employment.

In the event that an employee leaves the College District and has used annual sick leave that has not accrued, a deduction for unearned sick leave shall be made in the employee's final pay check.

Reports Concerning Court-Ordered Withholding

The college is required to report the termination of employees that are under court order or writ of withholding for child support or spousal maintenance to the court and the individual receiving the support. Notice of the following must be sent to the support recipient and the court or, in the case of child support, the Texas Attorney General Child Support Division:

- Termination of employment not later than the seventh (7th) day after the date of termination;
- Employee's last known address; and
- Name and address of the employee's new employer, if known.

Unemployment Compensation Insurance

Policy CKF

Employees who have been laid off or terminated through no fault of their own may be eligible for unemployment compensation benefits. Employees are not eligible to collect unemployment benefits during regularly scheduled breaks in the school year, including the summer break, if they have employment contracts or reasonable assurance of returning to service. Employees with questions about unemployment benefits should contact Texas Workforce Commission (<http://www.twc.state.tx.us/>) and/or the Human Resources Office.

Compensation and Payroll

Compensation

Policies DE, DEA, DEAB

Employees are paid in accordance with administrative guidelines and an established pay structure. The college's pay plans are reviewed by the administration each year and adjusted as needed.

All college positions are classified as exempt or non-exempt according to federal law.

Exempt Employees: Full-time faculty and administrators are exempt from overtime pay and are paid annual salaries.

Non-Exempt Employees: Full and part-time classified staff, adjuncts, and part-time administrative personnel are considered non-exempt workers. These employees are paid an hourly wage and must be compensated for overtime. See *Overtime Compensation* for additional information.

Faculty Overload Pay: Full-time faculty who teach courses in addition to a regular course load receive overload pay.

Employees should contact the Human Resources Office for more information about the college's pay schedules or their own pay.

Employee Types (Faculty, Administrative, and Classified Staff)

Faculty: Nine (9) Month Teaching Faculty are faculty members employed for 180 working days (fall and spring). Twelve (12) Month Teaching Faculty are faculty members employed for 240 working days (fall, spring and summer).

Administrative Regulation DJ-R outlines the Faculty Load Policy (<https://www.lee.edu/hr/administrative-regulations/>).

Twelve (12) Month Non-Teaching Faculty (e.g., librarians, counselors, lab coordinators) do not have the same work schedule as teaching faculty. Instead, they work the same days as Administrative/Administrative Support employees - forty (40) hour work week during a consecutive, seven (7) day period (beginning at 12:01 a.m. on Saturday and ending at midnight on Friday). They are exempt from the provisions of the Fair Labor Standards Act (FLSA) and are therefore not eligible for overtime pay or compensatory time off.

Administrative/Administrative Support: Administrative/Administrative Support personnel must work a forty (40) hour work week during a consecutive, seven (7) day period (beginning at 12:01 a.m. on Saturday and ending at midnight on Friday). They are exempt from the provisions of the Fair Labor Standards Act (FLSA) and are therefore not eligible for overtime pay or compensatory time off.

Classified Staff: Classified Staff work forty (40) hours per week during a consecutive, seven (7) day period (beginning at 12:01 a.m. on Saturday and ending at midnight on Friday). Computations for payroll purposes

are made on the basis of 2,080 working hours per year. Classified Staff positions are considered non-exempt under the Fair Labor Standards Act (FLSA) and are therefore eligible for overtime pay or compensatory time off for hours physically worked over forty (40) in one (1) week.

The Board of Regents may make exceptions to the minimum length of the work week and the maximum length of the work day in order to achieve and maintain operational efficiency at the College or any of its offices, departments, or divisions.

Part-Time Employment

A part-time employee is hired for an indefinite period to work up to 19.5 hours per week.

Part-time employees are not eligible for longevity increases; a part-time employee may be moved from the initial pay rate in only two (2) circumstances:

- Revisions to the salary structure made by the Lee College Board of Regents or
- Market adjustments necessary to address the difficulties hiring part-time employees in a particular position or specialized field. Any such adjustment will be made after Human Resources conducts a market review and the College President approves the adjustment.

Adjuncts: Part-time faculty (adjuncts) will be assigned less than half of a regular load, based on the discipline, during fall and spring terms. The Provost and appropriate Associate Vice President must approve additional hours. Lecture and lab hours are paid at their respective rates.

Adjuncts must meet the same credential requirements as full-time faculty and are supervised by the Division Chair in their subject area, the appropriate Associate Vice President, and the Provost.

Substitute Instructor

Full-time faculty members are expected to volunteer to substitute for up to three (3) hours of instruction as a courtesy to their colleagues; thereafter, they will be paid \$15.00 per hour/per class for the first week of substitute instructions and \$51.04 per hour for lecture for every following week of substitute instruction, and \$34.03 per hour for labs.

Salary Scales

Salary Scales are developed each year for the beginning of the new fiscal year and are based on the compensation program approved by the Board of Regents and implemented by the College administration. Separate salary scales are developed for full-time faculty, administrative/administrative support personnel, classified staff, and part-time employees. Copies of the salary scales are provided on the Human Resources website (<http://www.lee.edu/hr/salary-scales>).

Annual Salary Increases

Policies DEA and DEC

Salary increases are considered annually based on the needs of the institution, the availability of funds, and the approval of the Board of Regents. If granted, the increase affects eligible full and/or part-time employees uniformly.

Any salary increases awarded to an employee will be effective September 1. In order for an employee to be eligible for a salary increase on September 1, he or she must be on the payroll or under contract by April 1 of the same year.

Employees who are on extended sick leave, catastrophic leave or leave without pay at the beginning of the fiscal year shall not be eligible for any salary step increase until their return to duty.

Promotion

For compensation purposes, a promotion occurs when an employee is selected to fill a position in a classification/salary range that is higher than the employee's present status. Any salary increase for a non-faculty employee moving to a position in a higher classification/pay range must be approved and is at the discretion of the College President. Salary increases are not guaranteed.

Voluntary Acceptance of Position in a Lower Pay Grade

Employees who voluntarily move to a position in a lower pay range/classification will be placed on the appropriate salary in the new pay range.

Involuntary Transfer to Position in a Lower Pay Grade

When an employee is given an involuntary transfer to a new position with a salary range that is less than the range of the employee's current classification (e.g., the elimination of a position and the consequent reassignment of a position with a lower classification), no immediate salary reduction should occur. This policy does not apply if the involuntary transfer results from a demotion.

Lateral Transfer

A lateral transfer occurs when an employee accepts or is transferred/reassigned to a position within the same classification/pay range. In these circumstances, he or she may not receive an adjustment in pay.

Compensation for Temporarily Performing Work in a Higher Pay Classification

In situations where the assignment or scheduling of work requires a non-faculty employee to perform work in a higher-level classification, a temporary stipend may be established for the period of that assignment or work schedule. An employee may qualify for the temporary stipend if he or she is working in the higher

classification at least 50% of the time for a minimum of four (4) weeks. All stipends must be approved by the President.

Stipends

Policy DEA

The President will recommend a stipend pay schedule for eligible employees as part of the annual compensation plan for the college.

As needed, a stipend may be requested to compensate personnel exempt from the Fair Labor Standards Act (FLSA) for services performed in addition to his/her regular responsibilities. To request a stipend, the Cabinet member must submit the completed Stipend Request Form to the President. The appropriate form can be obtained from Human Resources. All stipends must be approved by the President.

Non-exempt, hourly employees are not eligible to receive a stipend, but may be approved for overtime.

Stipends may stop or be transferred to another person when an employee is out on leave and unable to perform the temporary assignment.

Paychecks

With the exception of adjunct faculty, employees are paid semi-monthly on the 15th and the last day of the month (or the last working day prior to the 15th, or the last working day prior to the last day of the month). Adjunct faculty are paid over seven (7) pay periods during the fall and spring semesters.

Paychecks will not be released to any person other than the college employee named on the check.

An employee's payroll statement (payroll advice) contains detailed information including deductions, withholding information, and year to date totals. Employees can access their payroll information and statements by logging into their MyLC account. Employees are responsible for regularly reviewing the accuracy of their pay statements.

The schedule of pay dates is available on the Human Resources website (<https://www.lee.edu/hr/forms/>).

Automatic Payroll Deposit

Employees can have their paychecks electronically deposited into a designated account. Contact the Payroll Office at (281) 425-6319 for more information about the automatic payroll deposit service.

Payroll Deductions

Policy CDDA

The college is required to make the following automatic payroll deductions for eligible employees:

- Retirement (Teacher Retirement System of Texas (TRS), Optional Retirement Plan (ORP) or Money Purchase Plan)
- Social Security employee contributions for all full-time employees
- Federal income tax required for all full-time employees
- Medicare tax (applicable only to employees hired after March 31, 1986)
- Child support and spousal maintenance, if applicable
- Delinquent federal education loan payments, if applicable
- IRS garnishments

Other payroll deductions employees may elect include deductions for the employee's share of insurance premiums, annuities, tuition assistance, parking fees, badge and key replacements, and other miscellaneous deductions. Employees also may request payroll deduction for payment of club or recreational fees, eligible state employee organization membership fees, payments to credit union, and certain charitable contributions approved by the board. Salary deductions are automatically made for unauthorized or unpaid leave.

Overpayments: Employees are not entitled to any funds the college overpays. An overpayment occurs if an employee is paid more than the amount the employee should have been paid under the assigned pay grade and applicable supplemental pay.

If an overpayment is reported in the current fiscal year, a payment plan will be developed to recoup the payment. Generally, an overpayment should be paid in one pay cycle but if this creates an undue hardship for the employee, the college has the discretion to develop a plan for regular payroll deductions in the same fiscal year.

An agreement between an employee and the college must be in place in order to deduct any overpayment.

Overtime Compensation

Policies DEAB, DEC

The college compensates overtime for non-exempt employees in accordance with federal wage and hour laws. Only non-exempt employees or hourly employees are entitled to overtime compensation. Non-exempt employees are not authorized to work beyond their normal work schedule without advance approval from their supervisor. A non-exempt employee who works overtime without prior approval will be subject to disciplinary action up to and including termination.

Overtime is legally defined as all hours physically worked in excess of forty (40) hours in a workweek and is not measured by the day or by the employee's regular work schedule. Non-exempt employees that are paid on a salary basis are paid for a forty (40) hour workweek and do not earn additional pay unless they work more than forty (40) hours. For the purpose of calculating overtime, a workweek begins at 12:00 a.m. Saturday and ends at 11:59 p.m. Friday. Additional hours worked in a week in which a holiday or school closure occurs are paid at the straight time rate, up to 40 hours worked and overtime for hours worked over 40.

Employees may be compensated for overtime (i.e., hours physically worked beyond 40 in a workweek) at time-and-a-half rate with compensatory time off (comp time) or direct pay. The following applies to all nonexempt employees:

- Employees can accumulate up to sixty (60) hours of comp time. Once the limit has been reached, the employee shall be required to use comp time or receive overtime pay for additional hours.
- Any hours earned at the straight time rate cannot be converted to comp time.
- Comp time must be used in the duty year that it is earned. Comp time earned, but not used by the end of the fiscal year, will be paid.
- Use of comp time may be at the employee's request with supervisor approval, as workload permits, or at the supervisor's direction.
- The College may require employees to use comp time when in the best interest of the College District.
- Weekly time records will be maintained on all nonexempt employees for the purpose of wage and salary administration.

Social Security

All full-time, benefit eligible employees of the College are covered by Social Security. Part-time employees do not contribute to Social Security.

Attendance

Policy DEC

Regular attendance and punctuality contribute to the effective operations of the college. All employees are expected to work their assigned schedules/shifts and arrive to work on time each day. Each employee has a job to perform and unexpected absences and tardiness disrupt the operation of the office, department, and/or college. Prompt reporting of an absence or tardiness permits supervisors to plan accordingly, thus reducing problems. Repeated tardiness and/or unauthorized absences are considered unacceptable conduct and good cause for disciplinary action, up to and including termination of employment. Uniform enforcement of a reasonable absence-control rule is not retaliatory discharge.

Absences: All absences must be approved by an employee's supervisor. When possible, absences must be approved in advance (e.g., scheduled appointments, vacation days, travel, etc.). If an employee is not able to attend work due to an unforeseen emergency or unexpected illness/injury, an employee must follow his/her department's procedures for notifying the supervisor immediately. An unexcused absence occurs when an employee fails to notify his/her supervisor of the absence and may be Leave Without Pay. Excessive absences and failure to follow the department's procedures for notifying the supervisor may result in disciplinary action.

Tardiness: Tardiness occurs when an employee is late arriving to work. If an employee is unable to arrive on time (e.g., overslept, traffic, etc.), he/she must follow his/her department's procedures for notifying the supervisor immediately. Excessive tardiness and failure to report to work or follow the department's procedures for notifying the supervisor may result in disciplinary action.

Job Abandonment: Failure to report to work and not contacting the supervisor (i.e., no call, no show) for three (3) consecutive, scheduled workdays is considered job abandonment and the employee may face disciplinary consequences up to and including termination.

Breaks/Rest Period and Meals

Breaks/Rest Periods: Breaks/rest periods are provided at the discretion of the supervisor. An employee may be allowed to receive a paid fifteen (15) minute break/rest period for each four consecutive (4) hours worked in a day. The supervisor is responsible for scheduling breaks/rest periods.

Breaks/rest periods may not be used to come to work late, to leave work early, or to extend lunch time. In addition, breaks/rest periods cannot be combined to provide a thirty (30) minute break once a day, nor may they be accumulated for vacation, compensatory time, or other time off. Breaks/rest periods are not cumulative and, if not taken, are forfeited.

Breaks/rest periods are not guaranteed, are subject to the departmental work load, may be denied if they adversely impact work flow, and must be approved by the supervisor.

Meals: Lunch times are also at the discretion of the supervisor. Work schedules typically allow a full-time employee to take a one (1) hour lunch break. The immediate supervisor is responsible for scheduling lunch times. Exceptions to the regular time assigned for lunch requires prior approval by the immediate supervisor.

Meals are unpaid leave. They are not cumulative and, if not taken, are forfeited. Meals cannot be used to cover late arrival to work or early departure.

Part-time employees and full-time classified staff must clock in and out for lunch.

Breaks for Expression of Breast Milk

Policies DG

The college supports the practice of expressing breast milk and makes reasonable accommodations for the needs of employees who express breast milk. A place, other than a multiple user bathroom, that is shielded from view and free from intrusion from other employees and the public where the employee can express breast milk will be provided.

A reasonable amount of break time will be provided when the employee has a need to express milk. For non-exempt employees, these breaks are unpaid and are not counted as hours worked. Non-exempt employees must clock in and out for these breaks. Employees should meet with their supervisor to discuss their needs and arrange break times.

The Providing Urgent Maternal Protections of Nursing Mothers Act (PUMP Act) requires an employee to notify the college if they believe the college is out of compliance in providing breaks for a nursing mother. The employee must give the college 10 days to come into compliance before making any claim of liability against the district. An employee with concerns should contact Amanda Summers, Executive Director of Human Resources, (281) 425-6875.

Pregnant Workers Fairness Act

The Pregnant Workers Fairness Act (PWFA) provides consideration of accommodations to employees who have known limitations related to pregnancy, childbirth, or related medical conditions. An employee seeking a PWFA accommodation should contact the Coordinator of Benefits and Leave in the Human Resources Office, (281) 425-6875, to begin the interactive process.

Reporting Time Worked and Recording Time Off

All non-exempt employees are required to punch in/out using the college's time and attendance system. Employees should monitor their timesheets for any errors or edits as needed and report them to their immediate supervisor.

All employees are required to report and/or record all absences. Employees should monitor their accruals for errors and report them to their immediate supervisor.

All grant-funded positions, exempt and non-exempt positions, require time-and-effort reports documenting all grant-related activities.

Accurate and timely reporting of an employee's time and attendance is the direct responsibility of the supervisor and the employee. Supervisors are responsible for the following:

- Work with the Human Resources and Payroll Offices to ensure all required documents are completed accurately, including budget and account numbers, before a new employee's start date.
- Audit and approve employee time reports by deadlines established by the Payroll Office.
- Verify accruals (i.e., vacation, sick, family emergency, personal day, jury duty, or school business) entered for employees to ensure the information is accurate and the appropriate accruals were used.
- Ensure full-time classified staff work 40 hours per week.
- Adhere to college policies regarding Work Study and Student Assistants, including restrictions pertaining to hours allowed to work per week.

Travel Expense Reimbursement

Policy DEE

Prior Approval Required: Before any travel expenses are incurred by an employee, the employee's supervisor(s) and the Purchasing Department must give approval. For approved travel, an employee will be reimbursed for reasonable and allowable expenses incurred in carrying out College District business in accordance with administrative regulations.

Documentation Required: For any allowable expense incurred, employees must submit a statement, with receipts, documenting actual expenses.

Exception: Expenses for meals associated with authorized travel not related to a state or federal grant will be paid on a per diem basis. No receipts are required for expenses paid on a per diem basis.

For additional information about travel and reimbursement, employees should contact their supervisor(s). Employees can also contact the Purchasing Department at (281) 425-6464 or lcpurchasing@lee.edu.

W2

W2s are processed and distributed in accordance with federal law. W2s are mailed each year by January 31st following the end of the calendar year. W2s are also available online through MyLCCCampus.

Insurance and Supplemental Benefits for Full-Time Employees

Health and Basic Life Insurance

Policy CKD

Group health insurance coverage is provided to eligible full-time employees through the Employee Retirement System (ERS), Texas Employee Group Benefits Program (GBP). Full and part-time employees are defined according to ERS rules.

Full-Time Employees: For full-time employees, the college contributes 100% to the employee's health insurance premium and 50% to the health insurance premium of the employee's eligible dependents. Tobacco users are subject to additional premiums that are not covered by the college.

The GBP includes medical, dental, term and accidental life, and long-term disability insurance, as well as one routine eye exam. The insurance plan year is from September 1 through August 31. Current employees can make changes in their insurance coverage during open enrollment each year or when they experience a qualifying event (e.g., marriage, birth, divorce). Employees should contact the Human Resources Office for more information.

Eligibility of Employees Performing Services/Work Outside Texas: If 75–100 percent of an employee's services/work is performed outside Texas, then the employee, if otherwise eligible, may participate in the Texas Employees Group Benefits Program in accordance with College District regulations.

Outside Texas: An employee's services are performed outside Texas if they are performed while the employee is located outside Texas and do not include instruction to a College District student who is located in-state.

Part-Time Employees: Part-time employees can opt to receive free coverage through Timely Care. Contact Human Resources to learn more.

Supplemental Insurance Benefits

At their own expense, employees may enroll in supplemental insurance programs for dental, vision, optional life, accidental death and dismemberment, long-term disability, cancer, and pre-paid legal. Premiums for these programs can be paid by payroll deduction. Employees should contact the Human Resources Office for more information.

Current employees can make changes in their insurance coverage during open enrollment each year or when they experience a qualifying event (e.g., marriage, birth, divorce).

Workers' Compensation Insurance

Policy CKE

The college, in accordance with state law, provides workers' compensation benefits to employees who suffer a work-related illness or are injured on the job. The college has workers' compensation coverage from Texas Association of School Boards (TASB), effective 9/1/2008.

Benefits help pay for medical treatment and make up part of the income lost while recovering. Specific benefits are prescribed by law depending on the circumstances of each case.

All work-related accidents or injuries should be reported immediately to your supervisor and Human Resources. Employees who are unable to work because of a work-related injury will be notified of their rights and responsibilities under the Texas Labor Code. See *Workers' Compensation Benefits* for information on use of paid leave for such absences.

Tuition Benefits

Policy DEB

In-District Tuition and Fees for Employees, Spouses, and Dependents: The college may pay the tuition and fees for an eligible, full-time employee, the employee's spouse, and/or dependent children who enroll for credit courses at the college. In addition, the college may pay tuition costs for an eligible, full-time employee to take continuing education classes related to his/her job at the college. An employee, spouse, and/or dependent may audit a credit course without charge for no credit. Such audit enrollees shall not be considered among registrants to ensure class formation. The employee, spouse, or dependent must obtain approval from the appropriate administrator prior to enrolling in or auditing a course.

An employee that has questions about his/her eligibility to utilize this benefit should contact the Human Resources Office or the Financial Aid Office. For purposes of this policy, dependents are defined as those individuals who meet the dependent requirements stated in the federal student aid guidelines. Participants are required to complete the regular registration procedures to enroll in classes. Employees are prohibited from enrolling in courses that meet during the employee's scheduled work time.

Tuition and fees will not be paid for credit courses that have been attempted two times previously by the eligible individual. Tuition and fees assistance shall be subject to budgeted funds available for this program and any individual or family assistance caps established by the Board or administration.

Out-of-District Educational Assistance: The Board recognizes that continuing education is essential to the growth and well-being of the College District's full-time employees. Although there is a recognized contribution to the employee in assisting with his or her continuing education, the primary purpose of the educational assistance shall be to provide a higher quality of future service to the College District.

General Provision: The College President or designee shall develop administrative regulations for out-of-district educational assistance and ensure the procedures are used to implement the provisions of this policy.

Any full-time employee shall be eligible to apply for educational assistance for reimbursement of specified costs approved in advance by the College District for completion of courses at any regionally accredited college or university that offers programs leading to a bachelor's or higher degree.

In accordance with this policy and administrative regulations, the College District shall reimburse full-time employees up to 50 percent of the actual costs of tuition, registration, other instructional fees, and textbooks after deducting the amount of any other financial assistance toward these costs that the individual is entitled to under federal, state, or local law or from other institutional resources.

The College District shall pay for no more than one degree program above the degree held by the employee at the time of his or her initial application for assistance. Subject to continued approval, an eligible individual shall receive educational assistance until all coursework for the degree being sought is completed. An employee shall be required to demonstrate a diligent effort to maintain continuous enrollment in the fall and spring semesters for the approved degree program. Summer term breaks shall be permitted. Failure to maintain continuous enrollment during the fall and spring semesters shall result in disqualification for future educational assistance, as determined by the College President or designee.

Funds available for reimbursement shall be limited to the subject budget allocation approved by the Board. Annual individual limits on reimbursements shall be established and approved by the Board. The College President or designee shall be authorized to impose additional individual reimbursement limits as needed to align with the Board-approved budget.

To be eligible for assistance, an employee must have 24 consecutive months of full-time employment prior to the first day of class for the subject course(s). Any employee who has not yet earned an associate's degree or higher must complete an associate's degree at the College District prior to applying for educational assistance.

Classes are to be taken outside normal duty hours. Program participants must earn a grade of "C" or better for undergraduate courses and a grade of "B" or better for graduate level courses to be eligible for reimbursement, provided that program participants eligible for reimbursement receive a "pass," "in progress," or other similar indicator.

The College District shall require an employee to remain employed with the College District for one year after receipt of any assistance under this policy, or to repay the College District 100% of the cost of all reimbursements received within the twelve months prior to separation from the College. If the employee resigns or is terminated before the obligation is completed, the employee shall have the balance owed deducted from his or her final paycheck as authorized by the signed application form. If repayment of reimbursements has not been completed upon termination of employment, a payment voucher will be created and sent to the employee. The employee shall not be eligible for rehire until repayment is complete.

Application Process: An employee shall be required to annually file an application for educational assistance with the Human Resources Department in compliance with any deadlines or other requirements established by the College President or designee. The application must include a degree plan approved by the appropriate administrator. Approval of the application shall be based on criteria determined by the administration, which shall, without limitation, include a determination that the proposed academic course or program will assist the employee in current or future work at the College District.

Reimbursement: Reimbursement shall be made upon successful completion of courses of study. Proof of completion must be filed with the Human Resources Office by the deadline established by the

administration. Failure to timely file the required proof may result in reimbursement being denied by the College District.

In addition, employees have access to the College's indoor walking concourse and swimming pool, free-weight room, gymnasium, racquetball courts, and tennis courts. Spouses of full-time employees may also use the facilities for free.

Wellness Benefit: Full-time, benefit eligible employees who exercise at the Wellness Center 1.5 hours a week on their own time, may have up to 1.5 hours of work release time for exercising; employees must obtain prior approval from their supervisor. Employee Recognition and Appreciation

Continuous efforts are made throughout the year to recognize employees who make an extra effort to contribute to the success of the college. Employees are recognized at board meetings, in the college newsletter, and through special events and activities.

Service Awards: Recognition and appreciation activities also include service awards. Full-time college employees are recognized for consecutive 5, 10, 15, 20, 25, 30, 35, 40, 45, and 50 years of service. The Human Resources Office is responsible for service awards.

Leave Policies

Policies CKD, DEC series, DED

The college offers employees paid and unpaid leaves of absence in times of personal need. This handbook describes the basic types of leave available and restrictions on leaves of absence. Employees who expect to be absent for an extended period should call the Human Resources Office for information about applicable leave benefits, payment of insurance premiums, and requirements for communicating with the college.

Employees must follow college and department procedures to report or request any leave of absence and complete the appropriate form or certification. Any unapproved absences or absences beyond accumulated or available paid leave shall result in deduction from the employee's pay.

Medical Certification: Any employee, who is absent five days because of a personal or family illness, must submit a medical certification from a qualified health care provider confirming the specific dates of the illness, appropriate medical facts about the illness, and—in the case of personal illness—the employee's fitness to return to work.

The college may require medical certification due to an employee's questionable pattern of absences or when deemed necessary by the supervisor. The college may also request medical certification when an employee requests leave under the Family Medical Leave Act (FMLA) for the employee's serious health condition, a serious health condition of the employee's spouse, parent, child, or for military caregiver leave.

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits covered employers from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we ask that employees and health care providers do not provide any genetic information in any medical certification. *Genetic information*, as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member, or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

Continuation of Health Insurance: Health insurance benefits for employees on paid leave and leave designated under the FMLA will be paid or supplemented by the college as they were prior to the leave.

Employees on an approved, unpaid leave of absence, other than family and medical leave, may continue their insurance benefits at their own expense. Otherwise, the college does not pay any portion of insurance premiums for employees who are on unpaid leave. This includes absences due to a work-related injury or illness.

Definitions:

Family

The term "immediate family" is defined as:

1. Spouse

2. Son or daughter, including biological, adopted or foster child, a son- or daughter-in-law, a stepchild, a legal ward or a child for whom the employee stands in loco parentis.
3. Parent, stepparent, parent-in-law or other individual who stands in loco parentis to the employee.
4. Sibling, stepsibling and sibling-in-law.
5. Grandparent and grandchild.
6. Any person residing in the employee's household at the time of illness or death.

For purposes of the Family and Medical Leave Act (FMLA), the definitions of spouse, parent, son or daughter and the next of kin are found in DECA (Legal).

Family Emergency

The term "family emergency" shall be limited to disasters and life-threatening situations involving the employee or a member of the employee's immediate family.

Leave Day

A "leave day" for purposes of earning, use or recording of leave shall mean the number of hours per day equivalent to the employee's usual assignment.

Catastrophic Illness or Injury

A catastrophic illness or injury is a severe condition or combination of conditions affecting the mental or physical health of the employee or a member of the employee's immediate family that requires the services of a licensed practitioner for a prolonged period of time and that forces the employee to exhaust all leave time earned by that employee and to lose compensation from the College District. Such conditions typically require prolonged hospitalization or recovery or are expected to result in disability or death. Conditions relating to pregnancy or childbirth shall be considered catastrophic if they meet the requirements of this paragraph.

Earning Leave

Employees who are on any type of sick leave, including extended sick leave, or unpaid leave shall not earn accruals until they return to work on a regular, full-time basis.

Deductions

Leave Without Pay

The College District shall not approve paid leave for more leave days than have been accumulated in prior years plus leave currently available. Any unapproved absences or absences beyond accumulated and available paid leave shall result in deductions from the employee's pay.

Leave Proration

Employed for Less Than Full Year: If an employee separates from employment with the College District before his or her last scheduled workday, or begins employment after the first scheduled workday, paid leave shall be prorated based on the actual time employed.

If an employee separates from employment before the last scheduled workday of the academic year, the employee's final paycheck shall be reduced for paid leave the employee used, but had not earned, as of the date of separation.

Employed for Full Year: If an employee uses more paid leave than he or she earned and remains employed with the College District through his or her last scheduled workday, the College District shall deduct the cost of the excess leave days from the employee's pay in accordance with administrative regulations.

Recording

Leave shall be recorded as follows:

1. Leave shall be recorded in increments of $\frac{1}{4}$ hour for all employees.
2. If the employee chooses to offset leave against worker's compensation benefits, leave shall be recorded in the amount used.

Concurrent Use of Paid Leave:

When an absent employee is eligible for FML, the College District shall designate the absence as FMLA leave.

The College District shall require the employee to use paid leave, including compensatory time, concurrently with FMLA leave.

An employee receiving workers' compensation income benefits may be eligible for paid or unpaid leave. An absence due to a work-related injury or illness shall be designated as FMLA leave.

Order of Use: Use of extended sick leave or sick leave bank shall be permitted only after all available local leave has been exhausted.

Vacation

Policy DEC

All full-time employees other than 9- and 12- month teaching faculty shall be entitled to a vacation with pay as outlined below.

An eligible employee shall be entitled to a vacation each year based on continuous active service with the College District. Vacation credit will be granted each month, or part thereof, of employment as follows:

- Years 1 through 7 – 9 hours per month
- Years 8 through 14 – 12 hours per month
- Years 15 through 25 – 16 hours per month
- Years 26 and after – 18 hours per month

Scheduling and Accrual: An employee shall be eligible to schedule a vacation, to the extent of the employee's accrued vacation time, at any time in a vacation-eligible position. Vacations shall be scheduled and approved well in advance by the appropriate supervisor. Vacation time shall be taken so as not to interfere with the operation of the College District.

Eligible employees who are on any type of sick or unpaid leave shall not earn vacation leave until they return to work on a regular, full-time basis.

Employees may accumulate annual vacation leave in accordance with their years of service as follows:

- Years 1 through 7 – 148 hours
- Years 8 through 14 – 184 hours
- Years 15 and after – 232 hours

Administrators classified as E81 or above shall be placed at Level 2. If such administrators have 15 or more years of full-time professional service in higher education setting, they shall be eligible for Level 3.

College District personnel moving from faculty to administrative positions shall retain their accumulated years of experience as a part of the formula for calculating vacation days.

Employees shall not be paid for accrued vacation time except upon termination from College District employment. If the terminating employee has had at least 12 months of continuous employment in a vacation-eligible position, he or she will be paid for accrued vacation time at his or her then existing regular base pay rate, not to exceed the maximum allowed accumulation stated above.

Holidays

Policy DED

All regular, full-time employees, except for persons designated as faculty, shall be entitled to the following holidays and days off at regular base pay rates. When the holiday falls on a Saturday or Sunday, the holiday shall be taken on the preceding Friday or the following Monday. Days off are to be scheduled by the College District.

Holidays are as follows:

- Labor Day (one day)
- Thanksgiving (three days)
- Christmas (one day)
- New Year's Day (one day)
- Martin Luther King Jr. Day (one day)
- Good Friday (one day)
- Memorial Day (one day)
- Juneteenth (one day)
- Independence Day (one day)

Days off are as follows:

- Winter Break (eight days)
- Spring Break (five days)

Sick Leave

Policy DEC

All regular, full-time employees shall be eligible for sick leave. Sick leave entitlement shall be earned at the rate of nine (9) hours for each month of employment and shall accumulate with the unused amount of such leave carried forward each month. Nine hundred sixty (960) hours maximum cumulative sick leave may accrue for eligible employees. No sick leave accrues for part-time employment, including summer teaching. Employees using more than five (5) consecutive days of their accumulated sick leave are required to present a medical doctor's certification of illness.

In the event that an employee leaves the College District and has used annual sick leave that has not accrued, a deduction for unearned sick leave shall be made in the employee's final pay check. The College does not pay for accrued, but unused, sick leave when an employee leaves the College.

In the event that a new employee does not report the first day of the college term, his or her salary and benefits shall not begin until he or she reports for duty. Regular sick leave policies shall apply to other employees who are absent the first day of a term.

Eligible employees who are on any type of sick or unpaid leave shall not earn regular sick leave until they return to work on a regular, full-time basis.

Extended Sick Leave

Policy DEC

After using his or her accumulated paid leave including accrued vacation, a regular, full-time employee shall receive sixty percent (60%) of his or her regular base pay for a period not to exceed six (6) months (1,040 hours) inclusive of any holidays, at which time his or her pay shall cease until his or her return to work on a full-time basis. An employee who has used six (6) months (1,040 hours) of extended sick leave must return to work on a full-time basis for a minimum of six (6) consecutive months before again being eligible for extended sick leave benefits. Employees utilizing sick leave under this extended sick leave program shall be required to present a medical doctor's certification of illness. Before returning to work, the employee must present a medical doctor's certificate indicating his or her fitness to resume his or her normal assigned duties.

Employees who are on extended sick leave, catastrophic sick leave or unpaid leave at the beginning of the fiscal year shall not be eligible for any salary step increase until their return to duty.

Personal Leave

Policy DEC

All regular, full-time employees of the College District are eligible for one (1) personal leave day annually to be taken by the anniversary of the date of full-time employment. All personal leave days shall have the prior approval of the supervisor and shall not interfere with the ongoing work of the unit. A personal leave day shall be charged for any personal leave day, or portion thereof, taken. Personal leave days shall not be carried forward into subsequent years. The College does not pay for accrued, but unused, personal leave when an employee leaves the College.

Eligible employees who are on any type of sick or unpaid leave shall not earn personal leave until they return to work on a regular, full-time basis.

Family Emergency Leave

Policy DEC

All full-time, regular employees shall be granted emergency leave annually with full pay for a period not to exceed 64 working hours for a family emergency due to illness/bereavement, to be taken by the anniversary of the date of employment. This entitlement shall not be carried forward into subsequent years.

Eligible employees who are on any type of sick or unpaid leave shall not earn family emergency/bereavement leave until they return to work on a regular, full-time basis.

Relatives who qualify as family under terms of this policy shall consist of the employee's spouse, son, daughter, parent, grandparent, brother, sister, aunt/uncle, grandchild, niece or nephew (or the spouse of any of them) of the employee or his or her spouse, and shall include other related persons living as family members in the employee's household.

The employee requesting a paid leave for family emergency due to illness/bereavement shall be responsible for providing a satisfactory explanation to support the request for leave within three workdays of commencement of the leave (the term "emergency," by definition, means the situation may possibly not be known in advance). This does not, however, relieve the employee of the responsibility to notify his or her supervisor of the absence. Paid leaves under the terms of this policy must be approved by the appropriate supervisor(s).

Catastrophic Sick Leave

The Catastrophic Sick Leave is a pool of hours available to any approved, full-time, benefit eligible employee who suffers a catastrophic illness or injury and has used all of his/her paid leave. You may apply to the catastrophic leave if you suffer a catastrophic illness or injury and have exhausted all accrued leave. The amount of leave granted cannot exceed 720 hours or one-third (1/3) of the hours in the pool, whichever is less. For more information or for the application process, please contact the Human Resources Office at (832) 556-4581 or hr@lee.edu.

Any full-time, benefit eligible employee may contribute between eight (8) – ninety-six (96) hours (8 hour increments only) each fiscal year. However, an employee must maintain a balance of at least forty (40) hours of paid leave after the contribution. Terminating employees may contribute up to ninety-six (96) hours in addition to any hours contributed in the current fiscal year.

Employees who are on extended sick leave, catastrophic sick leave or unpaid leave at the beginning of the fiscal year shall not be eligible for any salary step increase until their return to duty.

Family and Medical Leave (FML) – General Provisions

The following is text from the federal notice, *Your Employee Rights Under the Family and Medical Leave Act* (<https://www.dol.gov/sites/dolgov/files/WHD/legacy/files/fmlaen.pdf>). Specific information that the District has adopted to implement the FMLA follows this general notice.

What is FMLA leave?

The Family and Medical Leave Act (FMLA) is a federal law that provides eligible employees of covered employers with unpaid, job-protected leave for specified family and medical reasons. The U.S. Department of Labor's Wage and Hour Division (WHD) enforces the FMLA for most employees.

Eligible employees may take up to 12 workweeks of FMLA leave in a 12-month period for:

- The birth, adoption, or foster placement of a child with you,
- Your serious mental or physical health condition that makes you unable to work,
- To care for your spouse, child, or parent with a serious mental or physical health condition, and
- Certain qualifying reasons related to the foreign deployment of your spouse, child, or parent who is a military servicemember.

An eligible employee who is the spouse, child, parent or next of kin of a covered servicemember with a serious injury or illness may take up to 26 workweeks of FMLA leave in a single 12-month period to care for the servicemember.

You have the right to use FMLA leave in one block of time. When it is medically necessary or otherwise permitted, you may take FMLA leave intermittently in separate blocks of time, or on a reduced schedule by working less hours each day or week. Read Fact Sheet #28M(c) for more information.

FMLA leave is not paid leave, but you may choose, or be required by your employer, to use any employer-provided paid leave if your employer's paid leave policy covers the reason for which you need FMLA leave.

Am I eligible for FMLA?

You are an eligible employee if all of the following apply:

- You work for a covered employer,
- You have worked for your employer at least 12 months,
- You have at least 1,250 hours of service for your employer during the 12 months before your leave, and
- Your employer has at least 20 employees within 75 miles of your work location.

How do I request FMLA leave?

Generally, to request FMLA leave you must:

- Follow your employer's normal policies for requesting leave,

- Give notice at least 30 days before your need for FMLA leave, or
- If advance notice is not possible, give notice as soon as possible.

You do not have to share a medical diagnosis but must provide enough information to your employer so they can determine whether the leave qualifies for FMLA protection. You must also inform your employer if FMLA leave was previously taken or approved for the same reason when requesting additional leave.

Your employer may request certification from a health care provider to verify medical leave and may request certification of a qualifying exigency.

The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement that provides greater family or medical leave rights.

State employees may be subject to certain limitations in pursuit of direct lawsuits regarding leave for their own serious health conditions. Most federal and certain congressional employees are also covered by the law but are subject to the jurisdiction of the U.S. Office of Personnel Management or Congress.

What does my employer need to do?

If you are eligible for FMLA leave, your employer must:

- Allow you to take job-protected time off work for a qualifying reason,
- Continue your group health plan coverage while you are on leave on the same basis as if you had not taken leave, and
- Allow you to return to the same job, or a virtually identical job with the same pay, benefits and other working conditions, including shift and location, at the end of your leave.

Your employer cannot interfere with your FMLA rights or threaten or punish you for exercising your rights under the law. For example, your employer cannot retaliate against you for requesting FMLA leave or cooperating with a WHD investigation.

After becoming aware that your need for leave is for a reason that may qualify under the FMLA, your employer must confirm whether you are eligible or not eligible for FMLA leave. If your employer determines that you are eligible, your employer must notify you in writing:

- About your FMLA rights and responsibilities, and
- How much of your requested leave, if any, will be FMLA-protected leave.

Where can I find more information?

Call 1-866-487-9243 or visit dol.gov/fmla to learn more.

If you believe your rights under the FMLA have been violated, you may file a complaint with WHD or file a private lawsuit against your employer in court. Scan the QR code to learn about our WHD complaint process.

UNITED STATES DEPARTMENT OF LABOR

Local Provisions for Implementing Family and Medical Leave (FML) Provisions

Twelve-Month Period: For purposes of an employee's entitlement to FMLA leave, the College uses a "rolling" 12-month period measured backward from the date an employee uses any FMLA leave. Eligible employees can take up to 12 weeks of unpaid leave in the 12-month period measured backward from the date an employee uses FML.

Combined Leave for Spouses: If both spouses are employed by the College District, the College District shall not limit FMLA leave for the birth, adoption or placement of a child, or to care for a parent with a serious health condition, to a combined total of 12 weeks, nor shall the College District limit military caregiver leave to a combined total of 26 weeks. See DECA (Legal).

Intermittent or Reduced Schedule Leave: When medically necessary or in the case of a qualifying exigency, an employee may take leave intermittently or on a reduced schedule. "Intermittent leave" is FMLA leave taken in separate blocks of time due to a single qualifying reason. A "reduced leave schedule" is a leave schedule that reduces an employee's usual number of working hours per workweek, or hours per workday or a change in an employee's schedule for a period of time, normally full-time to part-time.

For leave taken because of the employee's own serious health condition, to care for a spouse, parent, son, or daughter with a serious health condition, or military caregiver leave, there must be a medical need for leave and it must be that such medical need can be best accommodated through an intermittent or reduced leave schedule.

When leave is taken after the birth of a healthy child or placement of a healthy child for adoption or foster care, an employee may take leave intermittently or on a reduced leave schedule only if the employer agrees. The employer's agreement is not required, however, for leave during which the expectant mother has a serious health condition in connection with the birth of her child or if the newborn child has a serious health condition.

See DECA (Legal) for use of intermittent or reduced schedule leave due to a medical necessity.

Certification of Leave: If an employee requests leave, the employee must provide a certification from a health care provider to verify the need for leave.

Fitness-For-Duty Certification: An employee that takes FML due to the employee's own serious health condition shall provide, before resuming work, a fitness-for-duty certification from a health care provider. When leave is taken for the employee's own serious health condition, the certification must address the employee's ability to perform essential job functions. The College shall provide a list of essential job functions (e.g., job description) to the employee with the FML designation notice to share with the health care provider. Fitness for duty is not required when an employee returns to work following leave to care for a family member with a serious health condition; to care for a child following birth, adoption, or foster care placement; or for qualifying exigency leave.

Reinstatement: On return from FML, an employee is entitled to be returned to the same position the employee held when leave began, or to an equivalent position with equivalent benefits, pay, and other terms

and conditions of employment. An employee is entitled to reinstatement even if the employee has been replaced or his or her position has been restructured to accommodate the employee's absence. However, an employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the FMLA leave period.

Failure to Return: If, at the expiration of FMLA leave, the employee is able to return to work but chooses not to do so, the College District may require reimbursement of the College's share of insurance premiums paid by the District when the employee was on unpaid leave. If the employee fails to return to work for a reason beyond the employee's control, such as a continuing personal or family serious health condition or a spouse being unexpectedly transferred more than 75 miles from the college, the college may not require the employee to reimburse the college's share of premiums paid. See DECA (Legal), Recovery of Benefit Cost.

For more information: Employees that require FML or have questions should contact the Coordinator of Benefits and Leave in the Human Resources Office for details on eligibility, requirements, and limitations (hr@lee.edu or 281-425-6875).

Workers' Compensation Benefits

Policy DEC

An employee, absent from duty because of a job-related illness or injury, may be eligible for workers' compensation weekly income benefits if the absence exceeds seven (7) calendar days.

An employee shall use his or her available local sick leave for absences due to injuries covered by workers' compensation until he or she is eligible for workers' compensation pay benefits.

When an employee receives workers' compensation pay benefits, the College District shall pay the difference between the weekly income benefit and the employee's regular weekly compensation up to six (6) calendar months.

If after the 180-day elimination period an employee is still receiving workers' compensation benefits, the employee shall be placed on the College District's long-term disability insurance program.

Jury Duty

Policy DEC

The college provides paid leave to employees who are summoned to jury duty, including grand jury service. An employee's pay or leave balances will not be impacted. Employees may keep any compensation the court provides.

An employee should report a summons for jury duty to the supervisor as soon as it is received and are required to provide the college a copy of the summons to document the need for leave.

An employee may be required to report back to work as soon as they are released from jury duty. The college may consider the travel time required and the nature of the individual's position when determining the need to report to work.

Compliance with a Subpoena

Employees will be paid while on leave to comply with a valid subpoena to appear in a civil, criminal, legislative, or administrative proceeding and will not be required to use personal leave. Employees are required to submit documentation of their need for leave for court appearances to their supervisor and the Human Resources Office.

Truancy Court Appearances

An employee, who is a parent or guardian of a child and any court-appointed guardian ad litem of a child who is required to miss work to attend a truancy court hearing, may use vacation and/or personal day leave or compensatory time for the absence. Employees who do not have paid leave available will be docked for any absence required because of the court appearance.

Religious Observance

An employee may request to be absent for a religious holiday or observance. Reasonable accommodations such as changes to work schedules or approving a day of absence will be made unless they pose an undue hardship to the college. The employee may use any accumulated vacation and/or personal leave or comp time for this purpose. Employees who have exhausted applicable paid leave may be granted an unpaid day of absence.

Faculty Members: At the beginning of each semester, faculty members are required to provide written notice of a list of religious holy days to be observed during the semester to the chairperson of the department. The notice may be delivered personally or by certified mail return receipt requested. Faculty are also required to provide advance notice to all students whose class would be canceled.

Development Leave of Absence (Sabbatical)

Policy DEC

Any faculty, administrator, librarian, or counselor who has served the College District in a full-time capacity for five (5) consecutive years and will be employed under a regular contract for the period of the leave may apply for a development leave.

A review committee shall be responsible for accepting and evaluating applications and making recommendations to the College President. The review committee shall be comprised of members elected by the full-time faculty and full-time administrators. No one can serve on the committee who is also applying for a development leave.

The College President shall recommend his/her development leave recommendations to the Board for their consideration and approval. Awarding of development leave is dependent upon funding availability.

A recipient shall receive full pay for a one-semester leave or one-half pay for a two-semester leave. An employee on a development leave shall continue to receive all institutional benefits. Persons may not engage in employment during the development leave unless such paid employment is a condition of the development

leave project for insurance or other reasons. Such employment must be approved by the Board and the pay from such employment shall be deducted from the salary component of the leave.

The recipient of a development leave must agree in writing to return the entire leave stipend including benefits to the College District if they do not remain employed as a full-time employee for the College District for two (2) years after completion of the leave. An employee who is unable to remain employed full-time due to circumstances beyond their control, such as a worsening medical condition, can apply to the President for a waiver of this obligation, but the approval of a waiver is not guaranteed. Employees must return to full-time employment for five years before being eligible to apply for another development leave.

Administrative Regulation DEC-R outlines the Developmental Leave procedure and requirements ([Policy DEC-R: Compensation and Benefits - Leaves and Absences - Developmental Leave \(lee.edu\)](#)).

Military Leave

Policy DECB

Paid Leave for Military Service: Any employee who is a member of the Texas National Guard, Texas State Guard, reserve component of the United States Armed Forces, or a member of a state or federally authorized Urban Search and Rescue Team is entitled to paid leave when engaged in authorized training or duty orders by proper authority. Paid military leave is limited to 15 days each fiscal year. An additional seven days of leave per fiscal year are available if called to state active duty in response to a disaster. In addition, an employee is entitled to use available state and local personal or sick leave during a time of active military service.

Reemployment after Military Leave: Employees who leave the college to enter into the United States uniformed services or who are ordered to active duty as a member of the military force of any state (e.g., National or State Guard) may return to employment if they are honorably discharged. Employees who wish to return to the college will be reemployed provided they can be qualified to perform the required duties. Employees returning to work following military leave should contact their supervisor and the Human Resources Office within the period of time specified by law. In most cases, the length of federal military service cannot exceed five (5) years.

Continuation of Health Insurance: Employees who perform service in the uniformed services may elect to continue their health plan coverage at their own cost for a period not to exceed 24 months. Employees should contact the Human Resources Office for details on eligibility, requirements, and limitations.

Leave with Pay

Policy DEC

Upon specific need of the College District as determined by the Board, leave with pay may be granted to an employee.

Quarantine Leave for Peace Officers

Policy DEC

A College District peace officer or commissioned security officer as defined in Article 2.12 of the Texas Code of Criminal Procedure shall be granted quarantine leave when ordered by the local health authority or the

College District designee to quarantine or isolate due to possible or known exposure to a communicable disease while on duty. Such leave shall be provided in accordance with administrative regulations and shall not be deducted from the employee's pay or leave balance.

The College President shall develop regulations regarding quarantine leave that address the following:

1. Continuation of all employment benefits and compensation for the duration of the leave;
2. Reimbursement for reasonable costs related to the quarantine; and
3. Other procedures deemed necessary for administering this provision.

Retirement

Policy DF

Employees who plan to retire should notify the Human Resources Office as soon as possible.

Teacher Retirement System (TRS)

All full-time, classified staff and administrative employees who are classified on the A11 – C43 salary ranges are required to be members of TRS. In broad terms, the Teacher Retirement System (TRS) is a state system similar to defined benefit plans in other states. Effective September 1, 1999, the TRS Omnibus Bill allowed the TRS Board to adopt reciprocal agreements with other states for establishing service credit and transferring contributions.

The philosophy underlying the Teacher Retirement System (TRS) is that of a retirement plan designed for career employees in the State of Texas. It does not purport to be a savings account competitive with other types of savings plans for the relatively short-term employee. The member's contributions are deposited each month into a personal account. Whether the member remains employed by the institution or transfers to any other institution of public education in Texas, the account remains unaffected by the payroll source from which it is drawn. On August 31st of each year, the end of the state fiscal year, interest is added to the member's account for the previous fiscal year.

Credit for each year of service is the foundation of benefit formulas and there are no service retirement benefits payable under current law, unless five years of credible TRS service is established.

Currently a TRS member contributes 8.25% of their salary to his/her TRS account. The State of Texas contributes 8.25%.

When a member terminates employment and withdraws funds in his/her personal account before their fifth year of service, the member not only loses credit for years of service already established, but also forfeits the amount contributed by the state in his/her behalf. These funds remain with TRS for the benefit of those who qualify for benefits in the future. The member also loses the opportunity to continue the employee portion of health insurance benefits through The Employees Retirement System of Texas (ERS) after retirement.

Specific questions relating to retirement should be directed to the Human Resources Office. Alternatively, employees may contact the Teacher Retirement System directly:

Optional Retirement Plan (ORP)

All full-time faculty and administrators who are classified as C51 and above may be eligible for an Optional Retirement Plan (ORP) in lieu of the Teacher Retirement System (TRS). The ORP is a personal retirement plan purchased by the qualified employee to which the state contributes its share. It functions through the purchase of an annuity or other type of investment plan through companies authorized by Lee College. Premium contributions of both the employee and the state are sent to the appropriate carrier for deposit to the participant's account.

Since this is a personal policy selected and purchased by the ORP participant at his/her own risk, it is the individual's responsibility to select the plan that best fits his/her individual needs.

Employees currently contribute 6.65% to ORP and the state contributes 6.6%. Employees hired before September 1, 1995 may also be eligible to receive a supplement to the state contribution equal to 2.5%.

Specific questions relating to retirement should be directed to the Human Resources Office.

Money Purchase Plan (MPP)

Since part-time employees at the college do not participate in social security, the college was required by the Omnibus Revenue Reconciliation Act of 1990 (OBRA) to enroll all part-time employees in a qualified retirement plan effective January 1, 1992. To comply with the law, the college implemented the Money Purchase Plan (MPP).

Employees are exempt from contributing to the MPP if they are:

- Currently contributing to either the Teacher Retirement System (TRS) or Optional Retirement Program (ORP) through the college or another higher education institution,
- Retired or receiving retirement benefits from either TRS or ORP,
- Currently employed at the college as a part-time Student Assistant or Federal Work Study Student, or
- Currently employed at an ISD and contributing to Teacher Retirement System (TRS).

If you are in another retirement program with a private company or retired from the State of Texas (ERS), you are still required to be in the MPP.

When you permanently terminate employment with the college, you may complete a Distribution Form to request a refund. Submit the completed form to the Human Resources Office. You will receive your contributions (7.5%), along with any investment gain or loss, when you request a distribution. This is a taxable event in the year of withdrawal and may be subject to a 10% tax penalty if you are under the age of 59 ½.

If you have less than \$5,000 and make no contributions to your account for eighteen (18) months, you are required to take a distribution of your account. If you do not request a distribution or rollover to another eligible retirement plan such as an IRA, your account will be automatically distributed as follows:

- Below \$1,000 – Taxable Lump Sum is mailed to your last known address.
- Above \$1,000, but below \$5,000 – A direct rollover to an IRA.

- Above \$5,000 – No involuntary distribution. You can leave your funds in the plan until you request a distribution, annuity, or rollover at a later date or retirement.

Please note: If an account is suspended because you cannot be located and no contributions are made after two (2) years, the account will cease earning interest. A 10% penalty upon withdrawal will apply to some or all of your distributions if you are under the age of 59 ½. To avoid an IRS penalty, you may rollover your account to an IRA or eligible retirement plan. Any distribution will have a taxable implication for the applicable tax year. You will receive a 1099R form which details the taxable portion of your refund.

In addition to the prohibition on discrimination, harassment, and retaliation on the basis of sex addressed above, employees shall not engage in discrimination, harassment, or retaliation on the basis of other legally protected characteristics against other employees, prospective employees, former employees, unpaid interns, or students. A substantiated charge will result in disciplinary action. Processes for reporting prohibited conduct are described below.

Reporting Suspected Child Abuse

Policies DH, DHB

All employees are required by state law to report any suspected child abuse or neglect, as defined by Texas Family Code §261.001, to a local or state law enforcement agency, The Texas Department of Family and Protective Services (DFPS), or an appropriate state agency (e.g., state agency operating, licensing, certifying, or registering the facility in which the abuse occurred). An employee who is considered a professional under Texas Family Code §261.101(b) must report child abuse or neglect or indecency with a child if the employee has reasonable cause to believe the conduct occurred or may occur within 48 hours after first suspecting the abuse or neglect. Alleged abuse or neglect involving a person responsible for the care, custody, or welfare of the child (including a day care teacher) must be reported to DFPS.

Employees are also required to make a report if they have reasonable cause to believe that an adult was a victim of abuse or neglect as a child and they determine in good faith that the disclosure of the information is necessary to protect the health and safety of another child, elderly person, or disabled person.

Reports to the DFPS can be made to the Texas Abuse Hotline at 800-252-5400 or, if not urgent, on the web at <https://www.txabusehotline.org/Login/Default.aspx>. An employee's failure to make the required report may result in prosecution as a Class A misdemeanor. The offense of failure to report by a professional may result in state jail felony if it is shown the individual intended to conceal the abuse or neglect. An employee may not delegate to or rely on another person or administrator to make the report.

Under state law, any person reporting or assisting in the investigation of reported child abuse or neglect is immune from liability unless the report is made in bad faith or with malicious intent. The college will not take any adverse action in response to good faith reports of child abuse or neglect or participation in an investigation regarding an allegation of child abuse or neglect.

Employees who have reasonable cause to believe that a child has been or may be abused or neglected should also report their concerns to the Executive Director of Human Resources. This includes students with disabilities who are no longer minors. Employees are not required to report their concern to the Executive Director of Human Resources before making a report to the appropriate agency.

Reporting the concern to the Executive Director of Human Resources does not relieve the employee of the requirement to report it to the appropriate state agency. In addition, employees must cooperate with investigators of child abuse and neglect. Interference with a child abuse investigation is prohibited.

As an employee, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused or otherwise maltreated. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Maltreatment is defined as abuse or neglect. Anyone who has reasonable cause to believe that a child has been or may be abused or neglected has a legal responsibility under state law for reporting the suspected abuse or neglect to law enforcement or to DFPS and follow the procedures described above.

Reporting Crime (Texas Whistleblower Act)

Policy DG

The Texas Whistleblower Act protects college employees who make good faith reports of violations of law by the college to an appropriate law enforcement authority. The college is prohibited from suspending, terminating the employment of, or taking other adverse personnel action against, an employee who makes a report under the Act. An *appropriate law enforcement authority* is part of a federal, state, or local governmental entity that the employee in good faith believes is authorized to regulate under or enforce the law alleged to be violated or to investigate or prosecute a crime.

Complaints and Grievances

Policy DGBA

In an effort to hear and resolve employee concerns or complaints in a timely manner and at the lowest administrative level possible, the board has adopted an orderly grievance process. Employees are encouraged to discuss their concerns or complaints with their supervisors or an appropriate administrator at any time.

The formal process provides all employees with an opportunity to be heard up to the highest level of management if they are dissatisfied with an administrative response. Once all administrative procedures are exhausted, employees can bring concerns or complaints to the board of trustees. For ease of reference, a link to the college's policy concerning the process of bringing concerns and complaints is provided below:

In addition, the college will provide communications to employees by mail throughout the year (i.e., W2 forms, orientation details, professional development schedules and information, etc.). Therefore, it is important that employees promptly notify the Human Resources Office of such changes.

Performance Evaluation

Policy DL series

Evaluation of an employee's job performance is a continuous process that focuses on improvement. Performance evaluation is based on an employee's assigned job duties and other job-related criteria including end-of-course evaluation of faculty. All employees will participate in the evaluation process with their assigned supervisor at least annually. Evaluations will be completed on forms approved by the college. Reports, correspondence, and memoranda also can be used to document performance information. All employees will have access to their evaluation forms, participate in a performance conference with their supervisor, and have the opportunity to respond to the evaluation.

Personal Property

Employees who choose to bring their personal property on college premises, including but not limited to, computers, equipment, and office decorations do so at their own risk. The college will not assume responsibility or replacement cost for any employee's personal property of any kind that is damaged, lost, or stolen.

Progressive Discipline

Policies DH, DHB, DI, DIAA, DIAB, DM, DMAA, DMAB

Progressive discipline is a series of disciplinary actions, corrective in nature, taken to provide an employee the opportunity to improve job performance and comply with departmental and college policies. Such actions, at

the discretion of the employee's immediate supervisor, range from counseling, verbal and written warnings, disciplinary suspension, to termination of employment.

Every action need not be taken in each case, and depending upon the relevant circumstances, the college may take any disciplinary action, including termination, at any time. Relevant circumstances may include the seriousness or severity of the employee's deficiencies in performance and/or conduct, prior performance and conduct, and management's assessment of appropriate factors identified during an investigation.

Per Board Policy DM (Local) Termination of Employment, at-will employees may be dismissed at any time for any reason not prohibited by law or for no reason, as determined by the needs of the College District.

Additional information regarding progressive disciplinary actions are provided below:

Counseling: The supervisor typically provides counseling to an employee as the first step to correct minor conduct or performance deficiencies. The purpose of counseling is to afford an employee the opportunity to correct a deficiency and avert any need of more formal discipline. Counseling may be verbal and/or noted in written memo. No information is placed in the employee's personnel file. Any record of the counseling remains with the supervisor or in the departmental employee performance management records. Should an employee's conduct or work continue to be unsatisfactory, prior counseling should be noted in the documentation during subsequent disciplinary steps.

Verbal Warning: A verbal warning may be given to address performance and conduct more serious than those warranting counseling or for issues where counseling has been previously given. The purpose of a verbal warning is to clarify policies, rules, and expectations. The supervisor will meet with the employee and deliver the verbal warning. The supervisor may note the verbal warning in a written memo. No information is placed in the employee's personnel file. Any record of the verbal warning remains with the supervisor or in the departmental employee performance management records. Should an employee's conduct or work continue to be unsatisfactory, prior counseling and verbal warnings should be noted in the documentation during subsequent disciplinary steps.

Written Warning: A written warning may be given to address substantial performance and conduct concerns that are more serious than those warranting a verbal warning or counseling, if conduct and performance addressed by a verbal warning and counseling is repeated, or if new violations or problems occur. It is also possible that a single incident may warrant a written warning. If a determination is made that a written warning is appropriate, the supervisor will complete an Employee Disciplinary Action Form, which generally includes a description of the unacceptable conduct and/or performance, the policy, rule, or expectation violated, and an outline of future expectations. The supervisor will meet with the employee to discuss the written warning and will provide a copy of the completed form to the employee and Human Resources.

Final Written Warning: A final written warning may be issued for the first occurrence of a very serious offense(s) or may be issued for repeated lesser offenses which have been identified by the supervisor and not corrected by the employee despite previous disciplinary action(s). The supervisor will complete an Employee Disciplinary Action Form which generally includes a description of the unacceptable conduct and/or performance, the policy, rule, or expectation violated, and an outline of future expectations. The appropriate supervisor(s), including the applicable Cabinet member(s), must review a final written warning prior to it being issued to the employee. The supervisor will meet with the employee to discuss the final written warning and will provide a copy of the completed form to the employee and Human Resources. The final warning is

considered a last chance. If an employee does not achieve improvement in conduct and/or performance, dismissal will normally be the next action taken.

Suspension: A suspension, with or without pay, may be imposed by the President of the College. The President will determine the duration of the suspension and whether the suspension is to be with or without pay. During an incident investigation involving an employee's conduct, the President of the College may determine that the employee's continued presence in the work place is not in the best interest of the college. In this case, the employee may be suspended with pay until the investigation is complete. The supervisor will meet with the employee to discuss the suspension and will provide a copy of the completed documentation to the employee and Human Resources.

Recommendation to Terminate Employment: Recommendation to terminate employment is the final step of employee discipline. A recommendation may be made when prior disciplinary actions fail to bring about the required improvement in employee performance or conduct. A recommendation may also be made, without prior disciplinary steps, for severe violations of actions prohibited by the college, including, but not limited to, those provided in board policy.

The following are some examples, but not a comprehensive list, of the kinds of situations that might call for progressive discipline:

- Chronic and/or excessive tardiness/absenteeism
- Absence from work without proper notification and/or approval
- Neglecting or failing to perform duties
- Leaving the work area without authorization or not being in assigned area as designated
- Leaving college property during work hours without appropriate approval
- Use of profane, obscene, abusive, or degrading language, gestures, or images
- Tampering with or falsifying official college records, including one's own or another's time/accruals
- Fighting or threats of violence
- Violation of college policies, including policies on harassment/sexual misconduct, alcohol/drug-free campus, standards of conduct, etc.
- Unauthorized disclosure of confidential information
- Unauthorized operation and/or misuse of college property and resources
- Insubordination
- Violation of computer use policy
- Sleeping while at work

Work-Related Injury or Illness

If an employee has a work-related injury or illness, the employee should report the accident, injury, or illness to his/her immediate supervisor as soon as possible. The employee and/or the immediate supervisor must notify the Human Resources Office, who will report the information for Worker's Compensation.
